rollers 159 143 154 158 151 sandwiches 145 145 144 soups 135 145 pizza 135  
 pizza cabinet: biscuits and gravy 110 chicken sandwich 112 pizza 111

### INSPECTION NARRATIVE

As part of a HACCP plan discard items that are past their 7 day use-by date. This is an important critical control point in the prevention of foodborne illness. All foods should be stored at a temperature above 135F or below 41F to prevent the growth of bacteria. This facility has corrected most items from last inspection. Thank you for your cooperation.

#### Raw Score versus Adjusted Score:

The adjusted score is a more accurate method to reflect the sanitary condition of your establishment by debiting multiple critical, as well as repeat violations. Scores above 35 are passing, scores between 35 and 0 are failing, and scores below 0 may cause your menu to be restricted or your facility to be closed.

	Raw	Repeat	Critical
<b>Total Violations Cited:</b>	4	1	0
<b>Total Demerit Points:</b>	8	2	0
<b>Raw Score:</b>	<b>92</b>		<b>Adjusted Score: 90</b>

Inspector: Juli Bishop
