INSPECTION NARRATIVE

LIAM SB
+drinks

Facility is only serving pre-packaged snacks. Good HACCP temperatures in all cold holding units. Please make sure all chemical bottles are properly labeled to prevent chemical contamination of food or drink

Raw Score versus Adjusted Score:

The adjusted score is a more accurate method to reflect the sanitary condition of your establishment by debiting multiple critical, as well as repeat violations. Scores above 35 are passing, scores between 35 and 0 are failing, and scores below 0 may cause your menu to be restricted or your facility to be closed.

	Raw	Repeat	Critical
Total Violations Cited:	1	0	0
Total Demerit Points:	5	0	0
Raw Score:	95	Adjusted Score: 95
