**INSPECTION NARRATIVE**

Facility is very clean and well organized. Excellent 7 day use by date labels on time/temperature control for safety foods. If ice is used to cool, it shall be filled up within 1" of the pan lip to maintain temperature.

**Raw Score versus Adjusted Score:**  
 The adjusted score is a more accurate method to reflect the sanitary condition of your establishment by debiting multiple critical, as well as repeat violations. Scores above 35 are passing, scores between 35 and 0 are failing, and scores below 0 may cause your menu to be restricted or your facility to be closed.

	Raw	Repeat	Critical
<b>Total Violations Cited:</b>	2	0	0
<b>Total Demerit Points:</b>	6	0	0
<b>Raw Score:</b>	<b>94</b>	<b>Adjusted Score: 94</b>
