2. Location Map

Attach a simple location map showing the location of the junkyard or automobile graveyard facility in relation to the adjacent roads. Such location map shall indicate the direction north with a north point or arrow, shall show the dimensions of the tract of land, show the distance from the nearest town or city limits or from the nearest intersecting route, location of all wells within 1,000 feet of the facility, location and description of all improvements within 1,000 feet of the facility, and names and location of adjoining property owners.

3. Junk Deposit Area

If the tract shown on the location map is larger in area than the space proposed for the deposit of junk, that portion proposed for deposit of junk shall be cross-hatched and its dimensions shown. Any deposit of junk beyond this area will not be permitted unless a new permit is granted by the County Board.

4. Plan For Screening

Attach a plan drawn to scale indicating how screening is to be accomplished. Such plans shall show the construction details of the screening to be used. Please note that the screening shall be located on the owner's land and not on any part of the road or highway right of way and should be compatible with the surroundings. The screen shall be in place prior to the time the junk is deposited. A letter authorizing the owner to proceed with the screening project will be issued subsequent to the approval of the proposed yard location and screening plan by the County Board; however, the permit will not be approved and issued until after the screening material is in place.

5. Fee

Attach a Check or money Order in the Amount of \$50.00 payable to Coles County. The fee covers the application fee of \$25.00 and the annual permit of \$25.00

I certified all the information contained in this application and all attachments are true to my best knowledge and belief and in compliance with the requirements of the Coles County Solid Waste Storage and Handling Of Refuse and Nuisances Ordinance
