Due to the significant increase of Covid-19 positive test results in Coles County, the IDPH has declared Coles County to be in the higher risk Orange category, as determined by the metrics. To help prevent the transmission for the Covid-19 further in Coles County, the County Board has decided to take the necessary step of returning to the procedure of having only essential personnel attend the meetings. The public will continue to have access and be able to participate through multiple electronic means, until further notice.
